PROFESSIONAL LANDSCAPE DESIGN SOFTWARE

CLIENT

OFFERING ONE SINGLE SOLUTION THAT TAKES YOU FROM CONCEPT THROUGH DETAILED DESIGN AND CONTRACT DOCUMENTATION

“As an AutoCAD plug-in we were able to get significant value from the software really quickly (and the onboarding support was phenomenal!). The ease of making revisions, producing cut-and-fill grading models, delivering accurate site models to architects in Revit and sharing work amongst our different offices makes it incredibly valuable to us.”

SOLUTION

KEYSCAPE FOR CLOTFELTER-SAMOKAR

Whether designing an addition/renovation or new facility, Clotfelter-Samokar focuses on creating innovative solutions with careful attention to detail.

Its landscape architects are utilizing KeySCAPE to create environments that demand aesthetic integration with the structures they surround while remaining environmentally sustainable.

KEYSCAPE

KeySCAPE offers a single solution that takes you from concept through detailed design and contract documentation and beyond. Enhanced utilities and presentation options allow you to quickly create and modify design proposals to meet the changing requirements of clients. Our flexible design approach allows you to customize the system and manage processes to streamline your workflows.

By providing all the tools a landscape architect requires in a simple application we allow you to create and edit once improving accuracy, speed of modifications and minimizing errors, compared to managing duplicate copies of the same data within separate applications.
