

KEYSIGN EIRE

COMPLIANT SIGN DESIGN PROGRAM FOR THE REPUBLIC OF IRELAND

Who?

Traffic Sign Designers and Sign Manufacturers

What?

Software for the design of road signs

Why?

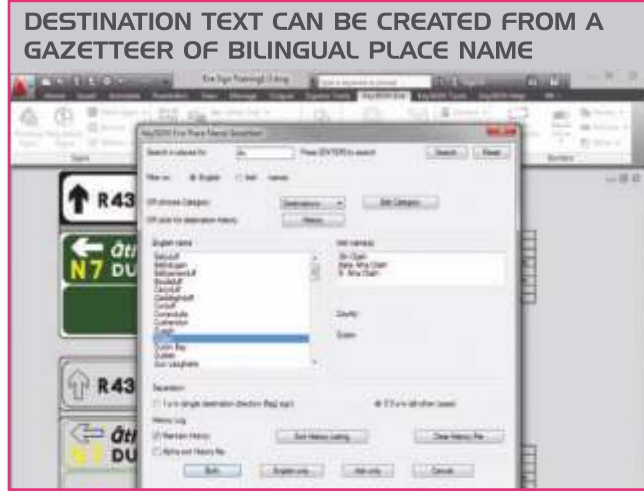

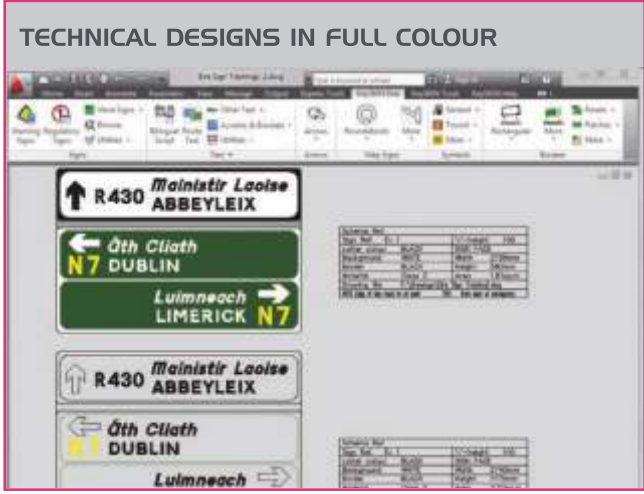

Saves you time designing signs to the Traffic Signs Manual

WHO IS KEYSIGN EIRE FOR?

KeySIGN Eire is aimed at traffic sign designers and sign manufacturers in the Republic of Ireland.

WHAT IS KEYSIGN EIRE?

KeySIGN Eire is an AutoCAD add-on that enables you to create road signs quickly and easily in an easy-to-learn design suite.

WHY CHOOSE KEYSIGN EIRE?

KeySIGN Eire includes a comprehensive database of the official list of Irish destinations and the English forms. These can be selected and positioned easily with routes, or against map type symbols, allowing you to build any direction sign easily.

KeySIGN Eire is useful for manufacturers as signs can be directly printed or cut.

KeySIGN Eire is used throughout the Republic of Ireland, and continues to be the first choice of software for Transport Infrastructure Ireland and the Department of Transport.

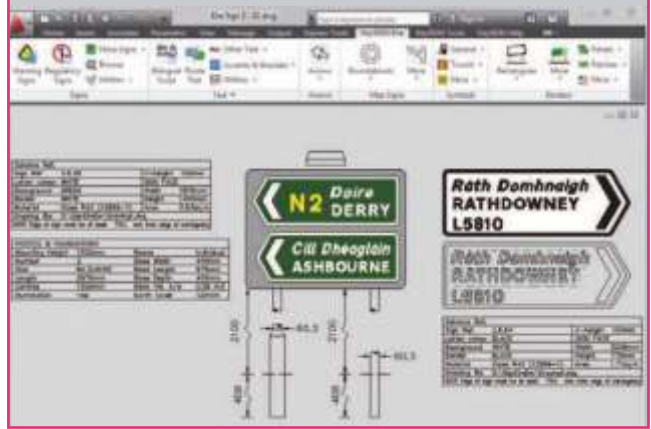

KEYSIGN EIRE AT A GLANCE

- Create all types of road signs designs quickly and easily
- Includes all the correct fonts, symbols and sign types
- Facilitates the manufacturing process of road signs
- Allows you to analyse structural requirements of final installations
- Favoured in the Republic of Ireland by the TII and the DoT
- Keysoft Solutions' support services include training, user group meetings and upgrades to keep you up to date with standards and legislation

“KeySIGN EIRE is the essential all round, complete design tool for sign design and fabrication.”

Dave Kelly
Transport Infrastructure Ireland

SIGN DESIGN AND DETAIL BLOCK CREATION

BUILD SIGNS AUTOMATICALLY FROM THE DIALOG BASED INTERFACE

MANY RULES APPLIED AUTOMATICALLY
